Chili Supper to Be Held
November 1st for 109th Medical Battalion

A chili supper will be held on Saturday, November 1st from 4-8 p.m. at the Coralville American Legion. The chili supper is being held for the 109th Medical Battalion; Carly Sieger's daughter, Stephanie, is currently serving in Iraq as a member of the 109th. Those attending will have an opportunity to sign albums with words of support for the troops overseas. For additional information, please contact Carly Sieger (S326 DSB; 5-7346).

Volunteers Invited

Do you need a dental filling on a permanent front tooth? The UI College of Dentistry is recruiting subjects for a research study to evaluate dental fillings of the front teeth. If you have:

- a space between your front teeth;
- a fractured or chipped front tooth; or
- a discolored restoration in your front teeth, you may qualify.

Call the Dental Clinical Research Center for a screening appointment at (319) 335-7414.

The DCRC will provide special assistance for people with physical or other disabilities.

Recent Publications

The Dental Clinical Research Center is recruiting subjects for a NEW “Crown Model” research study. The purpose of this study is to evaluate the effects of different formulas of fluoride toothpaste on dental decay. To participate, volunteers must be 18 years of age and older and in need of a crown (cap) on a lower permanent molar. Please call the Dental Clinical Research Center for information or a screening appointment at (319) 335-9557.

Dr. Axel Ruprecht Invited Speaker at Sao Paulo Dental Association Meeting on Advanced Imaging

Dr. Axel Ruprecht, OPRM, was an invited speaker at the Sao Paulo (Brazil) Dental Association Conference on Advanced Imaging in the 3rd Millennium (Imaginologia Avançado do 3o Milênio. Dr. Ruprecht spoke for six hours on October 24 about the principles of digital radiography, computed radiography, computed tomography, magnetic resonance imaging, ultrasound/ultrasonography, scintigraphy/nuclear medicine, thermography, positron emission tomography, and image fusion.
