Zack Goettsche and Nicole Major Present at the Hinman Student Research Symposium

Zack Goettsche (D2) and Nicole Major (D3) attended the 19th Hinman Student Research Symposium on October 25-27, 2013, in Memphis, TN.

The symposium is co-sponsored by the University of Tennessee Health Science Center College of Dentistry and the Thomas P. Hinman Dental Society. The symposium is supported by the National Institute of Dental and Craniofacial Research, ADEAGies Foundation, Procter & Gamble Co., and the Tennessee Dental Association Foundation.

Zack’s abstract was titled “In Vitro Assessment of Three Dentifrices Containing Fluoride in Preventing Demineralization of Overdenture Abutments and Root Surfaces.” Dr. Ronald Ettinger, Department of Prosthodontics and Dows, is Zack’s mentor.

Nicole presented “Community-Based Dental Education and Clinical Performance Among Fourth-Year Dental Students.” Dr. Michelle McQuistan, Department of Preventive & Community Dentistry, is her mentor.

The symposium was held at the historic Peabody Hotel, which has the famous ducks that march through the lobby each day at 11 a.m. and 5 p.m. (To see the Peabody ducks, go to: http://www.peabodymemphis.com/peabody-ducks/.)

Dr. Jonathan Shenkin Elected Second Vice President of the ADA

Dr. Jonathan Shenkin, who received a pediatric dentistry certificate from Iowa in 2003, has been elected second vice president of the American Dental Association (ADA). He has been an ADA member for 21 years and is past chair of the ADA Council on Communications. He has also served as a consultant for the ADA Council on Access, Prevention, and Interprofessional Relations. Dr. Shenkin is also past president of the Maine Dental Association.
The College of Dentistry Welcomes Dr. David Bohnenkamp

Dr. David Bohnenkamp was born in Quincy, Illinois, and raised in Columbia, Missouri. He received his D.D.S. degree from the University of Iowa College of Dentistry in 1979 and his M.S. in Prosthodontics from the University of Texas Health Science Center at San Antonio (UTHSCSA) in 1987. His postdoctoral prosthodontics clinical training was completed in 1987 at Wilford Hall Medical Center, Lackland Air Force Base in San Antonio, Texas. In 1989, he was awarded diplomate status by the American Board of Prosthodontics and elected as a fellow in the American College of Prosthodontists. Dr. Bohnenkamp retired from the U.S. Air Force in 1995 and was a full-time partner and practitioner for six years in a private dental practice in Louisville, Colorado.

In 2002, Dr. Bohnenkamp was appointed in the Department of General Dentistry as a full-time faculty member and assistant professor at the UTHSCSA Dental School. From 2002 to 2006, he was active in the predoctoral dental education program as a primary attending faculty and general practice group leader responsible for the supervision and evaluation of senior and junior dental students in all phases of clinical dentistry and patient management. Dr. Bohnenkamp received the Dental School Faculty Assembly Teaching Excellence Award in 2005 and was inducted into the Omicron Kappa Upsilon Dental Honor Society in 2006. From 2006-2013, Dr. Bohnenkamp served as director of the International Dentist Education Program (IDEP) at the UTHSCSA Dental School. In 2009, he was promoted and tenured as an Associate Professor.

David is married to Dr. Lily T. Garcia, associate dean for education, and they have a son who works for Outward Bound in Key Largo, Florida, and a daughter who is a sophomore at Baylor University in Waco, Texas. His hobbies include golf and snow skiing. Dr. Bohnenkamp is proud to be an alumnus of the University of Iowa College of Dentistry and especially pleased to have the opportunity to return to Iowa City as a full-time faculty member at the dental school.

The College of Dentistry Welcomes Dr. Nidhi Q. Handoo

Nidhi Handoo, visiting assistant professor in Oral Pathology, Radiology, and Medicine, completed her BDS training at Vasant Dada Patil Dental College, University of Kolhapur, India. She subsequently completed an internship at VPDC in Sangli, Maharashtra, India and spent a year as a house surgeon at Jaslok Hospital in Mumbai, India.

She subsequently completed the advanced training program in oral and maxillofacial pathology and an MS in stomatology at Iowa. She is a fellow in the American Academy of Oral and Maxillofacial Pathology and a diplomate of the American Board of Oral and Maxillofacial Pathology.

Dr. Handoo joined the faculty in 2010 as course director for Experiential Learning I and II. Beginning this year, she also teaches in the Oral Diagnosis Clinic and participates in DSP.

Nidhi is married with two children who keep her quite busy. Her family loves to travel and are ardent Hawkeye fans. Nidhi likes reading, pottery, coffee with friends, volunteering, spending time with children, and “putting a smile on someone’s face.”
Dental Students Participate at the Sycamore Mall Halloween Event

On Monday October 28, several dental students (some in Halloween costume attire) participated in the annual Halloween event at the Sycamore Mall. The dental students provided oral health information and distributed stickers, bracelets, pencils, brushing calendars and magnets to over 600 children parading through in their Halloween costumes. The children had the opportunity to brush the teeth of the various puppets and interact with the dental students. The annual event has become a popular Iowa City tradition, and the College of Dentistry’s students have been notable participants for several years.

Take advantage of ongoing learning from the 2013 ADEA Annual Session & Exhibition with ADEA’s new, complimentary webinars for faculty. November’s webinar, “Why Throw Students to the Wolves: Maximizing Outreach Program Value,” features content and presenters from one of the most highly rated educational session at the 2013 ADEA Annual Session & Exhibition.

Why Throw Students to the Wolves: Maximizing Outreach Program Value
November 8, 2013 | 1:00 p.m. Eastern Time | Online | 1.0 CE

Description: A universal challenge of community-based dental education (CBDE) programs is enhancing dental education experiences for students at remote sites designed to efficiently provide dental care to diverse and underserved populations. These seemingly conflicting goals often lead to a less than ideal student learning environment resulting in symbolically “throwing our students to the wolves.”

Learning Objectives: Participants of this webinar will be able to identify assessment tools appropriate for developing and continuously improving off-campus clinical sites, measure student performance, competency, and create positive self-assessment using andragogical concepts applicable to a community based dental educational setting, and create opportunities to provide IPE experiences in off-campus clinical sites.

Information coming soon for December’s webinar, “Preparing Faculty for the IPE Curriculum: Transforming the Learning Landscape.”

Faculty & Staff:

With the possibility of upcoming severe storms, it seems appropriate to seasonally remind departments of the University’s severe weather policy. Even when severe weather makes travel difficult, the University remains open because of many functions that cannot be halted. Employees should therefore, make every reasonable effort to report to work, consistent with safety. Guidelines for handling tardiness or absence due to bad weather are listed in Part II, Division I, Chapter 22.3 of the University Operations Manual.

Time lost due to extreme weather conditions can be made up by arranging the following with the DEO/Manager/Supervisor, as applicable:

- Employees may be authorized to make up the time absent through an alternate work schedule within the same work week to the extent an altered schedule is practical, feasible, and provides appropriate accountability.
- Employees may utilize accrued compensatory time or accrued vacation, if available, to remain in pay status.

The options outlined above should be available to all employees. Employees covered by a collective bargaining agreement should refer to their bargaining agreement for any additional terms or conditions provided therein.

Early Dismissal: During severe weather conditions employees may be offered early dismissal. Time lost due to early dismissal must be handled consistent with the options outlined above. Only the President of the University has the authority to excuse employees without any provision for make-up of lost time.

- Due to the concern for patient care, all clinical departments and units involved in patient care services will coordinate early dismissal of employees through the Associate Dean for Patient Care, Dr. Mike Kanellis or Director of Clinics, Dr. Ron Elvers. All other departments and units will coordinate similar action through the Dean’s Office, Dr. Galen Schneider.

University policy requires that absence reports be completed for all time lost. If you have a question about any of the procedures outlined above, please contact Dental Human Resources.
