The College of Dentistry Welcomes Deb Hoyle

We welcome Deb Hoyle who joined Dental Administration as a program assistant on January 8, 2007. Deb will coordinate a Delta Dental-funded initiative to promote dental practice opportunities in Iowa communities, with special emphasis on underserved rural areas. She comes to us from UIHC's Holden Clinical Cancer Center where she was membership coordinator for the Iowa Marrow

Donor Program.

Deb received her bachelor's degree in social work from Iowa State University in 1991 and is a "native" Iowa Citian. She's an avid reader, enjoys traveling, and has several beautiful pictures to share, which chronicle her many adventures. She also enjoys marathons, has an active interest in wines (her sister works for an Iowa-based wine distributor), and she has a reputation as a "pretty darn good cook." In all, Deb is a great addition to our collegiate family and an interesting person to get to know.

Deb's office is N310; please stop by and introduce yourself!

From a Child's Perspective ...

A little boy got lost at the YWCA and found himself in the women's locker room. When he was spotted, women burst into shrieks, grabbed their towels, and ran for cover. The little boy watched in amazement and then asked, "What's the matter — haven't you ever seen a little boy before?"
