OCTOBER 9, 2015

Reduced Registration Fees

Understanding the Elderly Dental Patient

Presented by: The Department of Preventive and Community Dentistry

College of Dentistry, Galagan Auditorium
Supported by an unrestricted educational grant from Delta Dental of Iowa Foundation

DATE: Friday, October 9, 2015; Registration 8:00 – 8:30 a.m., Program 8:30 a.m. – 4:30 p.m.
LOCATION: College of Dentistry, Galagan Auditorium
CE CREDIT: 7 hours relicensure credit

REGISTRATION DEADLINE IS SEPTEMBER 25, 2015
October 9, 2015
Presented by the Department of Preventive and Community Dentistry
Supported by an unrestricted educational grant from Delta Dental of Iowa Foundation

— REDUCED FEES —
FEES: Dentist $125; Assistant/Hygienist/Technician $85
CE CREDIT: 7 hours relicensure credit/Lecture Course
PLEASE REGISTER BEFORE SEPTEMBER 25, 2015

PROGRAM SCHEDULE

8:00 a.m.  Registration, College of Dentistry, First Floor
8:25  Welcome and Opening Remarks
8:30  Diet & Nutrition in the Elderly – Dr. Teresa Marshall
9:45  Refreshment Break
10:00  Oral Health Care for End-of-Life Patients – Dr. Xi Chen
10:45  Systemic Diseases and Their Dental Implications for the Elderly Medically Complex Patient – Dr. Jennifer Hartshorn
12:00 N  Lunch
1:00  p.m.  Clinical Treatment Strategies for Your Elderly Patients – Dr. Howard Cowen
2:15  Refreshment Break
2:30  How Cultural, Social, and Ethical Issues Influence Your Elderly Patient’s Satisfaction with Care: Case Scenarios – Dr. Leonardo Marchini, Dr. Michelle McQuistan, Mr. David Kozishek
4:30  Adjourn

PROGRAM FACULTY

All faculty are in the Department of Preventive and Community Dentistry, University of Iowa, College of Dentistry and Dental Clinics:

Xi Chen, BMed, PhD, is an Associate Professor. Before joining the College, Dr. Chen was an Assistant Professor at the University of North Carolina School of Dentistry. Dr. Chen’s clinical expertise includes dental management of medically compromised older adults, dementia dental care, and end-of-life dental care. As a clinician-scientist, Dr. Chen’s research focuses on oral health management for older adults with dementia, oral disease patterns in the special needs population, end-of-life oral health care, clinical decision-making for medically compromised elderly patients, and dental informatics.

Howard Cowen, DDS, MS, DABCSD, is a Professor and Director of the Geriatric and Special Needs Programs. Dr. Cowen received his DDS degree in 1976 and his MS in 1996 from The University of Iowa College of Dentistry. He is a Diplomate of the American Board of Special Care Dentistry and Director of the Geriatric and Special Needs Program and Graduate Certificate Program. His primary research interests include epidemiology of oral diseases in the elderly, etiology of tooth loss, osteoporosis and fluoride intake and the oral health of nursing home residents.

Jennifer Hartshorn, DDS, is an Assistant Professor. Dr. Hartshorn received her DDS in 2012 and completed the Geriatric and Special Needs Fellowship in 2013, both from the University of Iowa. She is involved with teaching undergraduate and graduate dental students in the classroom, clinic, and local nursing homes. Dr. Hartshorn is an active member in the American Dental Association and Special Care Dentistry Association.

David Kozishek, MA, is an Adjunct Assistant Professor. He currently is Staff Chaplain at the University of Iowa Hospitals and Clinics and also directs the Ethics curriculum for the College of Dentistry. Mr. Kozishek previously has taught biomedical ethics to medical students at the University of Iowa and at Michigan State University.

Leonardo Marchini, DDS, MSD, PhD, is an Assistant Professor and formerly was an Assistant Professor (Prosthodontology and Geriatric Dentistry) in Brazilian Universities for 14 years. During his entire professional life in Brazil, he was also engaged in his own private practice. Dr. Marchini is a member of the International Association for Dental Research, the American Dental Education Association and the European College of Gerodontology. He is an active researcher in the fields of Prosthodontics and Geriatric Dentistry, authoring 32 articles (plus over 60 articles in Portuguese language) and 11 chapters and editing five books (also in Portuguese).

Teresa Marshall, PhD, is a Professor and a registered dietitian with a doctorate in Human Nutrition from the University of Iowa. Her clinical specialties include both pediatric and dental nutrition. Dr. Marshall coordinates the nutrition and evidence-based practice curricula within the College of Dentistry.

Michelle McQuistan, DDS, MS, is an Associate Professor. Dr. McQuistan received her DDS and MS in Dental Public Health from the University of Iowa and completed an Advanced Education in General Dentistry certificate program at the University of Florida-Jacksonville Clinic. She is a Diplomate of the American Board of Dental Public Health. Dr. McQuistan is Chair of the College of Dentistry Diversity Committee and represents the College on several university-level diversity committees. She directs the community-based clinical program for fourth year pre-doctoral dental students and is a clinical faculty member in the Geriatric and Special Needs Program. Dr. McQuistan is currently involved in two main areas of research: oral health literacy and outcomes of community-based clinical programs.
THE PROGRAM and OBJECTIVES

As the population ages, it is important to address issues specific to treating the elderly population. Attendees will learn about the physiological changes that occur with aging and how they can affect both oral health status and nutrient requirements. Additionally, they will learn how altered oral function can influence food selection. The advantages and disadvantages of different treatment options for patients with systemic health problems will be presented, and special considerations will be discussed for patients who are receiving end-of-life care. Overall, the presentations will focus on providing patient-centered care, which includes addressing cultural preferences as well as ethical issues pertaining to care. This combination of topics will help clinicians feel better prepared to provide appropriate oral health care to their elderly patients.

At the completion of the program, participants should be able to:

- Provide dietary guidance to support oral health in elderly patients,
- Recognize cues that could help improve elderly patients’ perceptions and satisfaction with dental care,
- Understand patterns of oral health changes in older adults at the end of life,
- Discuss clinical treatment strategies for elderly patients with advanced illnesses,
- Be familiar with the Rapid Oral Health Deterioration (ROHD) concept and how it relates to elderly patients’ overall health,
- Discuss clinical treatment options for elderly patients,
- Review recent research regarding antibiotic prophylaxis for late joint infections and bacterial endocarditis,
- Recognize common systemic diseases and medications found in the aging population and understand their dental implications,
- Provide culturally responsive, patient-centered oral health care, and
- Address the cultural and ethical issues dentists face when their preferences differ from those of their patients.
GENERAL INFORMATION

The College of Dentistry and the Center for Conferences will make every reasonable effort to assure that requested continuing education programs are provided, but assumes no liability for failure to deliver beyond the refunding of any fees paid to The University of Iowa. The University of Iowa reserves the right to limit registration to the size of the available classroom or clinical space. Sponsorship of this course does not imply subject matter, product or technical endorsement. This material is offered to the profession for educational and informational purposes in a spirit of academic freedom.

PRE-REGISTRATION: Pre-registration is recommended at least two weeks before course date – September 25, 2015.

REGISTRATION OPTIONS: Registrations will not be accepted without payment. You may register using any of the following methods:

- Online registration at: www.continue2learn.uiowa.edu/UIConferences/
- Mail your registration form and check or credit card information to the address indicated
- Phone your credit card information to Center for Conferences: 1-800-551-9029 (local: 335-4141)
- FAX your credit card information to Center for Conferences: 1-319-335-4039

CANCELLATIONS/REFUNDS: Fees paid will be refunded less a $55 per person processing fee following notice of cancellation. Refunds will not be granted for cancellations received after the course begins. For registrations charged to your credit card, the refund will be credited to your account. If insufficient enrollment necessitates canceling a course, all fees will be refunded.

CONTINUING EDUCATION CREDIT/RECORD KEEPING: CEU verification will be provided (by email following the program) only for those individuals completing/submitting a CEU card at the completion of the program. Credit will be appropriately adjusted for those individuals who do not attend the entire program. All attendees are encouraged to submit a CEU card which will ensure that a letter documenting attendance will be sent following the program. The University of Iowa College of Dentistry designates this activity for 7 hours of continuing education credit (0.7 CEU).

FOOTBALL TICKETS: Tickets for Iowa vs. Illinois on 10/10/15 are available on a VERY LIMITED basis at $65 each plus a $1 per ticket handling fee (limit 2 tickets per registration). Ticket requests will be filled until supply is exhausted. To order tickets, you must register and prepay for the continuing education program. Tickets MUST be picked up at the course registration desk before course adjournment. Tickets will not be mailed. Payment for tickets cannot be refunded except when ticket supply is exhausted during the pre-registration period. Tickets cannot be transferred with a registration to another course.

HOUSING: A limited number of rooms have been reserved at the:
- Heartland Inn located at 87 Second Street, Coralville, IA 52241; Phone 1-319-351-8132

Please indicate that you are attending the College of Dentistry’s continuing education program and designate the appropriate code when making your reservations. The rooms will be held until supply is exhausted or release dates as previously stated. It is the responsibility of registrants to reserve their own lodging.

PARKING: Parking is included with the course registration. All registrants must be pre-registered to gain entrance to the Dental visitor’s parking lot. Bring your course confirmation letter with you to ensure admittance to the lot. Otherwise, you may be directed to a remote lot.

COMFORT ZONE: Although every effort is made to have a comfortable temperature in the meeting room, we realize everyone’s comfort zone is different. Please bring a jacket or sweater in case the room is too cool for your comfort.

THANK YOU FOR PARTICIPATING in our continuing dental education courses. We appreciate your support and interest in our dental programs. Your patronage allows us to provide the highest quality and most current education in dentistry. If you have any suggestions for the Office of Continuing Education or would like further information about our programs, please visit us online at www.dentistry.uiowa.edu/ce or contact:

Ms. Penni Ryan, Director | Continuing Dental Education | The University of Iowa
346 Dental Science N | Iowa City, IA  52242-1010
319/335-7166 | penni-ryan@uiowa.edu

We look forward to seeing you at our programs!

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires a reasonable accommodation in order to participate in this program, please contact Penni Ryan in advance at 319-335-7166.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The University of Iowa Nondiscrimination Statement

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual. The university also affirms its commitment to providing equal opportunities and equal access to university facilities. For additional information on nondiscrimination policies, contact the Director, Office of Equal Opportunity and Diversity, the University of Iowa, 202 Jessup Hall, Iowa City, IA, 52242-1316, 319-335-5705 (voice), 319-335-0697 (TDD), diversity@uiowa.edu.
