DATE: Friday, September 25, 2015; Registration 8:00 – 8:30 a.m., Program 8:30 a.m. – 4:30 p.m.
LOCATION: College of Dentistry, Galagan Auditorium
CE CREDIT: 7 hours relicensure credit

REGISTRATION DEADLINE IS SEPTEMBER 11, 2015
THE PROGRAM and OBJECTIVES

The purpose of this interactive course is to provide meaningful updates and instruction on traditional, as well as cutting edge pediatric dentistry for general and pediatric dentists and their staff while providing dental care for infants, toddlers and children from 0 to 18 years of age in their practices. Topics include: Use of the Hall Technique, Medical Management of Dental Caries, Nasoalveolar Molding for Patients with Cleft Lip and Palate, Caring for Patients with Autism, Review of Traumatic Injuries for the Primary and Permanent Dentition, Indirect Pulp Therapy for Primary Teeth, Alternative Techniques for Restoring Primary Anterior Teeth, and Outreach Program Planning. The audience will be invited to participate throughout the course using audience response devices.

At the completion of the program, participants should be able to:

- Understand an evidence based approach to managing children with a carious primary dentition using the Hall Technique,
- Understand the concept of medical management of dental caries in comparison to the surgical approach,
- Learn about the recent resurgence in interest in Silver compounds,
- Compare and contrast the indications, uses, clinical application protocols of the various medical management modalities in preventing and arresting dental caries in children,
- Become aware of the evidence-based approach to determine clinical effectiveness of medical management of dental caries,
- Discuss current trends for management of infants with cleft lip and palate, focusing on the use of appliance therapy,
- Be familiar with challenges related to patients with autism,
- Learn about strategies for making the dental visit more successful for patients with autism,
- Be aware of an in-office educational resource for use in working with caregivers of individuals with special health care needs,
- Use current guidelines for the treatment of traumatic injuries for both primary and permanent dentition,
- Be familiar with an in-office trauma kit resource,
- Understand research in the areas of incomplete caries removal and indirect pulp therapy (IPT) in primary teeth,
- Develop a protocol for performing IPT in primary molars with extensive decay and to understand the limitations of this treatment option,
- Understand the anatomical differences between primary and permanent anterior teeth,
- Comprehend why anterior restorations fail,
- Apply modifications to the traditional Class III preparation,
- Understand full coverage options for primary anterior teeth,
- Understand Zirconium crown indications and contraindications,
- Apply Zirconium crown technique to anterior teeth, and
- Identify current resources available for dental outreach activities such as dental health presentations, screenings and fluoride programs.

4:30     Adjourn
PROGRAM FACULTY

All faculty are in the Department of Pediatric Dentistry, College of Dentistry, the University of Iowa:

Matthew Geneser, DDS, assistant professor in the department. Dr. Geneser received his DDS in 2006 from the University of Iowa College of Dentistry and his certificate in 2008 from St. Joseph Hospital in Providence, RI. Dr. Geneser was in private practice from 2008-2011 and became a faculty at the College in 2011. He is a Diplomate of the American Board of Pediatric Dentistry.

Gayle Gilbaugh, RDH, BS, is a specialized care coordinator and dental hygienist. Ms. Gilbaugh is co-director of the Infant Oral Health Clinic at the Johnson County WIC Clinic. She coordinates dental training and patient care at the Center for Disabilities and Development and is a member of the University of Iowa Hospital and Clinics Hemophilia Treatment Center Team.

Nicola Innes, PhD, BDS(Hons), Professor of Paediatric Dentistry, Head of Children's Dentistry Department, School of Dentistry, University of Dundee, Scotland, UK and Course Lead for Child Dental and Oral Health and Evidence Based Dentistry. She researches improving provision of child dental care and treatment outcomes for caries management. Her research includes several trials investigating the Hall Technique and the FICTION dental trial.

Michael Kanellis, DDS, MS, professor in the department and dean of patient care. Dr. Kanellis received his DDS degree in 1979, his MS in Pediatric Dentistry in 1983, and his MS in dental public health in 1995 all from the University of Iowa College of Dentistry. He is a Diplomate, American Board of Pediatric Dentistry.

Tad Mabry, DDS, MS, associate professor in the department. Dr. Mabry joined the college in 2009 after serving 21 years in the U.S. Public Health Service. He is involved with teaching activities of both the undergraduate dental students as well as the graduate pediatric dental residents. Dr. Mabry currently serves as an examiner for the American Board of Pediatric Dentistry.

Arwa Owais, BDS, MS, associate professor in the department. Dr. Owais received her BDS from Jordan University of Sciences and Technology in 1994, her MS in Dental Public Health and certificate in Pediatric Dentistry from the University of Iowa in 2000. She is a Diplomate of the American Board of Dental Public Health and the American Board of Pediatric Dentistry.

Cathy Skotowski, RDH, MS, assistant professor in the department. Ms. Skotowski received her BS in dental hygiene in 1981 and her MS in dental public health in 1991, both from the University of Iowa. She has served as the department's preventive dentistry program director for 26 years participating in dental student instruction and coordinating community outreach activities.

Karin Weber-Gasparoni, DDS, MS, PhD, associate professor and head of the department. Dr. Weber-Gasparoni received her DDS from the Universidade Estadual de Londrina - Brazil in 1994 and her MS in Dental Public Health and certificate in Pediatric Dentistry in 1999, and her PhD in Oral Science in 2003, all from the University of Iowa. She is a Diplomate of the American Board of Pediatric Dentistry.

PEDIATRIC DENTISTRY: THE NEW AND THE TRIED AND TRUE

PEDIATRIC DENTISTRY: THE NEW AND THE TRIED AND TRUE
GENERAL INFORMATION

The College of Dentistry and the Center for Conferences will make every reasonable effort to assure that requested continuing education programs are provided, but assumes no liability for failure to deliver beyond the refunding of any fees paid to The University of Iowa. The University of Iowa reserves the right to limit registration to the size of the available classroom or clinical space. Sponsorship of this course does not imply subject matter, product or technical endorsement. This material is offered to the profession for educational and informational purposes in a spirit of academic freedom.

PRE-REGISTRATION: Pre-registration is recommended at least two weeks before course date – September 11, 2015.

REGISTRATION OPTIONS: Registrations will not be accepted without payment. You may register using any of the following methods:

- Online registration at: www.continuetolearn.uiowa.edu/UIConferences/
- Mail your registration form and check or credit card information to the address indicated
- Phone your credit card information to Center for Conferences: 1-800-551-9029 (local: 335-4141)
- FAX your credit card information to Center for Conferences: 1-319-335-4039

CANCELLATIONS/REFUNDS: Fees paid will be refunded less a $55 per person processing fee following notice of cancellation. Refunds will not be granted for cancellations received after the course begins. For registrations charged to your credit card, the refund will be credited to your account. If insufficient enrollment necessitates canceling a course, all fees will be refunded.

CONTINUING EDUCATION CREDIT/RECORD KEEPING: CEU verification will be provided (by email following the program) only for those individuals completing/submitting a CEU card at the completion of the program. Credit will be appropriately adjusted for those individuals who do not attend the entire program. All attendees are encouraged to submit a CEU card which will ensure that a letter documenting attendance will be sent following the program. The University of Iowa College of Dentistry designates this activity for 7 hours continuing education credit (0.7 CEU).

FOOTBALL TICKETS: Tickets for Iowa vs. N. Texas on 9/26/15 are available on a VERY LIMITED basis at $60 each plus a $1 per ticket handling fee (limit 2 tickets per registration). Ticket requests will be filled until supply is exhausted. To order tickets, you must register and prepay for the continuing education program. Tickets MUST be picked up at the course registration desk before course adjournment. Tickets will not be mailed. Payment for tickets cannot be refunded except when ticket supply is exhausted during the pre-registration period. Tickets cannot be transferred with a registration to another course.

HOUSING: A limited number of rooms have been reserved at the:
- Heartland Inn located at 87 Second Street, Coralville, IA 52241; Phone 1-319-351-8132
Please indicate that you are attending the College of Dentistry's continuing education program and designate the appropriate code when making your reservations. The rooms will be held until supply is exhausted or release dates as previously stated. It is the responsibility of registrants to reserve their own lodging.

PARKING: Parking is included with the course registration. All registrants must be pre-registered to gain entrance to the Dental visitor's parking lot. Bring your course confirmation letter with you to ensure admission to the lot. Otherwise, you may be directed to a remote lot.

COMFORT ZONE: Although every effort is made to have a comfortable temperature in the meeting room, we realize everyone's comfort zone is different. Please bring a jacket or sweater in case the room is too cool for your comfort.

THANK YOU FOR PARTICIPATING in our continuing dental education courses. We appreciate your support and interest in our dental programs. Your patronage allows us to provide the highest quality and most current education in dentistry. If you have any suggestions for the Office of Continuing Education or would like further information about our programs, please visit us online at www.dentistry.uiowa.edu/ce or contact:

Ms. Penni Ryan, Director | Continuing Dental Education | The University of Iowa
346 Dental Science N | Iowa City, IA 52242-1010
